

The Advanced Placement Readiness Program (APR) provides supplemental instructional support to current and potential AP students in STEM courses such as biology, chemistry, environmental science, physics, calculus, statistics, computer science principles, English Language and English Literature. Students receive up to 32 hours of course-specific instructional support, information and test preparation.

The APR program also provides high level professional development for current and potential teachers of AP courses in STEM areas and English. AP teachers involved in APR will participate in course-specific professional learning that includes observing and interaction with master teachers and engaging in professional networking that promotes best practices and rigorous AP instruction.

## WHERE

UC Riverside Campus

## WHEN

September 16, 2017	January 27, 2018
